

THREE GLORIOUS DAYS OF ENJOYMENT --- DOM. INDIAN CELEBRATION --- JULY 1-2-3

POOLS ASK SUPPORT OF BUSINESS ORGANIZATIONS IN THE PROVINCE

Support of the boards of trade and the various service clubs in the cities and towns, and the agricultural societies in the drive to secure memberships for the new provincial dairy, livestock and poultry pools is being asked by the joint organization committee of the Pools, of which A. B. Claypool, M.L.A., is chairman. Letters were dispatched to all of these organizations during the past week, soliciting whatever support and assistance their members might be able to give in aiding the pools to reach their objective when the concentrated drive takes place during the three weeks from June 8th to 28th. It is felt that the business organizations will gladly support the pool movement as one essential in making Alberta a more attractive place for incoming settlers, as well as improving the conditions of those already on the land.

An effort is also being made to secure permission of the bank superintendents in the province to have the various branch banks throughout the province used as depositories where copies of contracts can be secured by farmers or by canvassers during the drive.

The directors of the Wheat pool, the members of the provincial legislature, the directors of the U. F. A. and of the U. F. W. A. are all to be asked to assist in the drive for memberships. The organization committee is relying upon the U. F. A. and U. F. W. A. locals to prosecute the work of canvassing the various districts.

The joint organization committee for the pools was formed at a meeting of the directors of the three pools held in Edmonton last week-end. The committee consists of the secretaries of the three pools and the three chairmen as ex-officio members. The chairman of the joint pool is A. B. Claypool, the vice-chairman is Mrs. E. A. Wyman, and the secretary is R. A. Van Slyke. The members of the committee will make their headquarters in Edmonton during the latter part of May and during the period of the drive for members.

Up until the beginning of this week, the largest flock of hens signed up for the poultry pool was that of Chas. O. Dawson, of the Western Egg Farm, Ardmore, numbering 400 hens. Milton Roper, secretary of the Mirror Local of the U. F. A., who is one of the canvassers, says he and his brother will have 500 hens next winter.

One of the canvassers in the Grande Prairie district in two days' work last week signed up about 80 per cent. of the farmers in his territory for the livestock pool.

An indication of the extent to which the principle of co-operative marketing is being incorporated in the following waters in the Rocky Mountain Forest Reserve:—

1. Shunda Creek and its tributaries, within the Clearwater Forest.
2. All streams within the Bow River Forest, except the main streams of the Red Deer, Elbow and Highwood Rivers.
3. All streams within the Crownst Forest, except the main streams of the Oldman, Livingstone, Cardonville and Castle Rivers, the west branch of the Castle River, and Racehorse Creek from the forks eastward.

PUBLIC NOTICE—Under the provisions of Section 85 of the regulations governing Dominion Forest Reserves, the Minister of the Interior has authorized the prohibition until further notice of all fishing in the following waters in the Rocky Mountain Forest Reserve:—

1. Shunda Creek and its tributaries, within the Clearwater Forest.
2. All streams within the Bow River Forest, except the main streams of the Red Deer, Elbow and Highwood Rivers.
3. All streams within the Crownst Forest, except the main streams of the Oldman, Livingstone, Cardonville and Castle Rivers, the west branch of the Castle River, and Racehorse Creek from the forks eastward.

W. W. CORY,
Deputy Minister of the Interior,
Ottawa, February 23rd, 1925.

RAISE SILVER FOXES

If you could buy a pair of the best quality prolific Government Registered Silver Black Breeding Foxes on easy terms of payment until November 1st, 1927, for \$360.00, would you be interested?

Fox farming pays bigger profits than any other industry we know of—the returns are quick and the profits large. Silver Black Foxes are the greatest mortgage lifters that we know about. They produce yearly returns and are not affected by drought, hail or frost.

Write the Parkhill Silver Black Fox Co., Ltd., 501 Leeson and Lineham Bldg., Calgary, for their pamphlets, "POSSIBILITIES IN FOX FARMING" and "HOW WE CAN SELL GOVERNMENT REGISTERED BREEDING FOXES ON EASY TERMS OF PAYMENT FOR \$360 PER PAIR," or apply to

FRENCH MAY NEED HUNDRED THOUSAND TROOPS, MOROCCO

Rabat, Morocco, May 11.—Lively fighting occurred again today in the central sector of the Rifian front when Col. Freydenberg's column went to the relief of an outpost at Bab Quender. The French succeeded in getting much-needed food and water to the surrounded garrison.

French Reinforcements
Paris, May 11.—The French reinforcements from Algeria which now have in a great part arrived in Northern Morocco, are being sent to strategic points along the front. At the same time operations continue with the object of relieving the French outposts still surrounded by Rifians.

Military men here believe Marshal Lyautey will need 100,000 troops to drive the invaders out and complete the pacification of the French zone.

The governor-general's forces with the reinforcements thus far received number close to seventy thousand at present.

Another ten days are expected to elapse before the French counter-offensive, when, it is stated, a concerted movement will be made against the invaders along a sixty-mile front with the object of driving them into the mountains to the north.

A physical director says the race is becoming supple. No doubt union suits and upper berths have something to do with it.

If you knock a man people will say you're jealous of him. If you praise him they'll say you're his hired press agent.

We are a queer people, and if sparrows were rare we might be putting up boxes to entice them.

It frequently happens that a dark horse is one who will pony up.

THE OUTRAGE IN BULGARIA

Recent events in Bulgaria throw a vivid light on problems and conditions in the Balkan states and eastern Europe. In the West we are inclined to think that the spirit of peace and good will is making steady headway among the nations. Yet here is an unmistakable indication that the feuds and ferocious political feeling, long associated with the Balkan peninsula, are still as alive as ever. The outrages in Sofia are but a further chapter in the story of political conspiracy which began with King Ferdinand's intrigues in favor of Germany in the Great War and went on with the prospecting of the pro-Germany by the Stamboulski Government afterward, the assassination of Stamboulski himself at the Tsankoff revolution, and the dark vendettas of the Macedonian bands. It is a terrible lesson of the truth that those who appeal to the sword perish by the sword.

What is not so clear is the connection of the affair with the activities of outside powers and agencies. On the one side, it is reported that the Bulgarian Foreign Minister has stated that the Communist danger in Bulgaria would not be serious if it were not that the Communists were supported by Jugoslavia, in the hope of keeping Bulgaria too weak and impotent to try to reverse the verdict of the war. On the other side, it is more generally believed that the whole plot was engineered by the Communist Party in Russia. And in support of this view some very damaging documents have been made public as to the proceedings of members of the Third International in neighboring countries in organizing terrorist action. Some of these documents, however, have been shown to be forgeries by the "Whites" as part of their campaign to discredit the "Reds."

It is almost impossible to unravel the true story amid the propaganda and counter-propaganda that pour in from every side. Two things, however, are clear. The first is how far the mental conditions in all these countries are from true peaceableness. The second is that whether the recent attempt to bring about a revolution originated in other countries, or whether it was in substance the outcome of internal political movements, a very serious situation would have arisen for the Western powers if it had succeeded. There is no doubt that the Government of Russia looks with sympathy on every attempt to extend the world revolution to which it is dedicated. If a Communist government were set up in Bulgaria, it would feel bound to help and protect it. There is equally little doubt that a Communist government in Bulgaria would look to Moscow for support against its certainly unfriendly neighbors. What would the rest of the world do if Communist Bulgaria tried to become part of the Union of Soviet Socialist Republics and if a portion of the Russian "Red" army had tried to take up its station in the Balkans? For if Bulgaria became part of Russia the whole balance and security of southeastern Europe would be upset.

It is an awkward question to answer, for if Bulgaria went Communist, that result could only be prevented by force, and then only if the great western powers co-operated in providing that force. Fortunately the issue has been postponed by the present by the failure of the plot. But it will arise again at any time, unless there shall come an awakening, both in Russia and the adjoining Balkan states, to the dire effects of hatred, leading to an abandonment of this state of mind as a basis for international relations.

Summertime and holiday time generally run hand in hand, and father and mother are now in all probability arranging for this year's vacation. When going over the map and studying the trails put your finger on Macleod, Alberta, and make up your mind to be there on July 1st, 2nd, and 3rd, for three of the greatest days you ever spent on any holiday. On those dates the Indians of the North American continent will hold their Dominion-wide celebration, the first of its kind ever held. Thousands of Indians from all parts of Canada and the United States will participate in the greatest pageant ever witnessed.

You may have watched other small Indian parades, but you have never seen thousands of Indians, all decked out in their wondrous costumes, paint and feathers and full regalia, in a pageant of their own when the braves and warriors of one tribe will try and outdo members of another tribe in winning the valuable prizes offered for the best costumes. A big stampede will be held each day with big prizes and purses offered for bucking, roping and other western sports.

There will be Indian dances of every description, native sports stage holds, Indian battles, Indian villages, and countless other attractions.

The celebration is an entirely all-Indian-managed affair, although the stampees and racing events are shown open to the world, and the purses offered are big enough to attract some of the best ropers and riders on the continent.

The Canadian Pacific Railroad have allowed special party rates on

their western lines for these three days, of fare and one half within a ten-day limit. This big railroad appreciates the fact that this celebration, the first of its kind to be held, will be one of the big drawing cards for the bringing of tourists to the West. No other celebration of Indians can compare with July 1, 2 and 3rd in Macleod. Write for prize lists and particulars to Mike Mountain Horse, Secretary Dominion Indian Celebration, Macleod, Alberta.

The greatest pageant and procession of a decade, one that you cannot afford to miss, and that you may never have an opportunity of seeing again. Be there.

ANOTHER CALL FOR CLEAN-UP

On Wednesday, the day set aside for cleaning up the cemetery, only a small number of people turned out to lend their assistance in carrying out this good work. The members of the Women's Institute, assisted by only four of the male sex, did their best in raking up and burning the rubbish. But there is still an important job to be done, that is in filling up graves that have sunk in and are proving an eyesore to the majority of those who are attending to the resting place of their departed loved ones. Surely this appeal should be answered by the menfolk next Wednesday afternoon. If a dozen citizens would only give an hour and a half of their time on that day the work could be finished. Next Wednesday afternoon at 2 o'clock—12 or 14 public spirited men will be there?

THE EMPRESS THEATRE --- CURRENT ATTRACTIONS

"ADVENTURE" INTRODUCES NEW SCREEN CHARACTER

Latest Paramount Thriller, Based on Famous Jack London Novel, Presents Pauline Starke as a Woman Soldier of Fortune

When "Adventure," the Paramount cinema version of Jack London's dramatic novel makes its local debut at the Empress Theatre Tuesday, native picture-goers will have the opportunity of meeting a new type of screen character—the feminine counterpart of the "he-man."

The "he-man" in real life is familiar to all. He is the rugged, two-fisted hero, who battles against overwhelming odds and comes out a flushed and triumphant victor. This is precisely the kind of role Pauline Starke portrays in "Adventure"—a daring adventurer, a woman soldier of fortune, who goes through many harrowing experiences on one of the isolated cannibal islands in the South Seas and eventually emerges unscathed, unharmed, victorious.

This type of film hero is quite a refreshing novelty and offers a striking contrast to the old-fashioned, clinging-vine heroine, who depended upon the manly, upstanding hero for protection. The woman adventurer is decidedly superior to the modern flapper, who, while perfectly well able to take care of herself in a ballroom, would be absolutely helpless if she found herself face to face with head-hunting savages.

In the photoplay, which was produced under the personal supervision of Victor Fleming, Miss Starke has her courage and ability severely tested. Arriving at one of the remote islands in the South Seas she discovers that Tom Moore, the only white man, is seriously ill with black water fever and in danger of being killed by the rebellious blacks.

Furthermore, she learns that Wallace Beery and Raymond Hatton two unscrupulous money-lenders, are trying to get Moore's plantation away from him because he has failed to pay a note they hold against him.

Without going into details, it will suffice to say that Miss Starke proves her fearlessness and resourcefulness by successfully solving all perplexing problems, hurdling tremendous obstacles and coming safely through many dangers.

ASK DAD, HE KNOWS! FOR HE HAS TO PAY THE BILLS

Theme in Rapid-fire Comedy Is How To Get the Money Owed To You

Every father is a C. B. P. (champion bill payer), but if he's the dad of an only daughter, he's more than expert at the gentle art of foot-pushing. He knows. It is a certainty that the chief characters in the story are prototypes of persons London actually met during the course of his travels in the tropics.

The plot centers around the dynamic adventures of a copra plantation owner and his business partner really happens. It is a certainty that the chief characters in the story are prototypes of persons London actually met during the course of his travels in the tropics.

The notable cast assembled offers convincing evidence of the scrupulous care that went into the making of this production. Every one of the players chosen has a part that suits him to the proverbial "T." Those who are featured include such brilliant screen favorites as Tom Moore, Pauline Starke, Wallace Beery and Raymond Hatton.

PRETTY BILLIE IN WASHBURN COMEDY

No prettier girl ever stepped before the camera than Billie Dove, leading woman for Bryant Washburn in "Try and Get It," playing at the Empress Theatre Friday and Saturday.

She is a New Yorker, was a model for magazine covers for famous artists and finally went with the Folies. Then she started work in pictures. She has a delightful role in "Try and Get It" and does it full justice. The story was adapted by Jules Furthman from the Saturday Evening Post yarn, "The Ringtailed Galiwampus."

MACLEOD METHODIST CHURCH

Sunday Services.
Rev. G. D. Armstrong will preach at both services, these will be his final services before leaving for the Annual Conference in Edmonton and the meeting of the United Council in Toronto.

Visitors are heartily welcome.

Correct this sentence: "This course is right," said the politician "and if it costs me a million votes I shall stick to it."

An indeterminate sentence is any one written by the late William James.

VON HINDENBURG INAUGURATED AS PRESIDENT OF GERMANY IN BRILLIANT FUNCTION IN BERLIN

Berlin, May 12.—Field Marshal Von Hindenburg was inaugurated president of Germany today.

Except for a brief shout of protest from the Communists, the inauguration was carried out according to schedule, the field marshal being sworn into office by Reichstag President Paul Loebe, before a crowded house.

In a manifesto to the German people this afternoon, President Von Hindenburg said: "Due to the oath, I will devote all my energies to guarding the constitution and laws. Let us strive through honest, peaceful work to gain the recognition of other nations to which we are entitled and to free the German name from the unjust stain which still lies on it today."

The president added that his office did not belong to one clan, one religious persuasion or one party alone, "but to the people in its entirety."

MRS. KER SEYMOUR'S JUNIOR PUPILS GIVE PLEASING RECITAL

A most enjoyable recital was given by Mrs. Ker Seymour's junior pupils in the Parish Hall on Wednesday, May 6th. Mrs. Seymour was assisted by Mrs. J. T. Jones' orchestra, and by Mrs. R. W. Russell the latter singing "Sing Me Some Quaint Old Ballad." Miss Jean Russell accompanying with cello obligato.

Mrs. Seymour has worked hard with the young pupils and in a short address urged all present to take a greater interest in the yearly Musical Festival and to try to have Macleod represented at next year's Festival.

DR. BRETT'S SON DIES

Edmonton, May 8.—Dr. Harry Brett, only son of Lieut.-Governor Brett, who has been in poor health for some time, died during the night at Government House here. Dr. Brett, who was a physician at Banff only came to this city a few days ago for a rest and his death came as a great shock.

Lt.-Governor Brett received word of his son's death when he arrived in Calgary from Banff on Friday morning. A wire was dispatched to Mrs. Brett, mother of the deceased, who was in Banff and she arrived in Calgary early on Friday afternoon.

The arrangements for the funeral will be announced later.

Official Statement
Edmonton, May 9.—The following statement was issued today from Government House:—

"Dr. Harry Brett, of Banff, Alberta, son of His Honor the Lieutenant-Governor and Mrs. Brett, died suddenly at Government House this morning. He came to Edmonton to attend the meeting of the Alberta Medical Council which was held in the Macdonald hotel yesterday. When Dr. Harry Brett retired last night he complained of not feeling well. He was found dead in his room this morning. Everything indicated that he arose at the usual hour and was about to shave when he apparently had a weak spell and died of heart failure."

No earnest girl should be without a husband unless the birth rate has changed since Barnum made his contribution to vital statistics.

A conservative is one who fights to maintain an advanced position won by the progressive he so bitterly condemned yesterday.

Common people are those who cling to the hope that each new "liberator" will let them in on the deal.

The next generation may have no natural resources to exploit, but there always will be suckers to trim.

COMING EVENTS FORESHADOWED

HON. ALEX ROSS COMING TO MACLEOD

On Tuesday the 19th the Macleod and District Board of Trade have arranged for a meeting at the Town Hall which will be addressed by the Hon. Alex Ross, Minister of Public Works, of Edmonton, and other speakers. The Hon. Mr. Ross' address will be in all probability be on the matter of the good roads question, which is one of the greatest importance to Alberta, especially so southern Alberta. The speaker will deal very clearly with his subject as he is intimate with every detail of this work, and some valuable information can no doubt be obtained by all those who will have the opportunity of hearing him. The meeting will be the regular meeting of the Board of Trade at which the public at large are heartily invited. Dr. Farnett, the president claims that it is the duty practically of every enthusiastic citizen of Macleod and district to be at this meeting and listen to the discourses on this very vital question.

On May 16th, 1925, at 2.30 p.m. in the Salvation Army Hall, there will be a Band-of-Love Sale of work. The Stock is not very large. Come early and get your choice. Tea and Cake will be served from 2.30 p.m. to 5.30 p.m. Everybody welcome.

The Macleod Women's Institute will meet in the Odd Fellows' Hall Tuesday, May 19th at 8 o'clock.

Chief among the funmakers in this masterpiece of humor are Lewis Stone as Emerson, Helene Chadwick as his wife, and Alma Bennett as the stenographer. Others in the cast are William McLaughlin, Mary Carr, Hedda Hopper and Lila Leslie.

SASKATCHEWAN ELECTION JUNE 2

Regina, May 11.—The date for the Saskatchewan provincial elections is set for Tuesday, June 2. Nomination day will be Tuesday, May 28. This is just a week earlier than the 1921 dissolution.

Acting on the advice of the Saskatchewan government, Lieut.-Governor Newlands dissolved the fifth Saskatchewan legislative assembly Saturday.

The standing in the legislature at the last session gave the government 49 members, including the speakers, and the opposition 14, of which, J. P. Gordon, of Souris was a Conservative.

The fifth legislature lasted three years and ten days.

Early Date a Surprise

Regina, May 11.—Premier Dunning's announcement of a general election in the province on June 2 is surprising only because of the early date. Otherwise it has been well known that an appeal to the people was pending. All three parties taking cognizance of this have been organizing and preparing for over a month. So well known was the intention apparently that the Conservatives in Regina have been publishing for the past four weeks a weekly election news paper designed for the purpose of furthering their cause.

In most quarters the question of the day is by how many will the government be returned. Allied against them are Progressives and Conservatives.

There have been nine provincial by-elections since last election and in each of these a government candidate has been returned.

And if those who inherit the earth are not meek, the deficits will teach them to be.

Some waves may be permanent, but a wave of patriotism isn't one of them.

CURSED ARE THE PHRASE-MAKERS

William Jennings Bryan is planning to break into American Federal politics again as senator from Florida. His enemies, pointing to his opposition to evolution and what they call his "fanatical ideas," say he is a dangerous man to hold national power.

If Bryan is a dangerous man, it is not because he opposes evolution or because he drinks grapejuice, but because he is a phrase-maker rather than a thinker.

The phrase-maker is dangerous because he looks like a thinker and isn't.

A full 75 per cent of all human action is determined and directed

by catch-phrases. Some man hits on a happy phrase that expresses half a thought and appeals to the public imagination. Forthwith it is incorporated into public philosophy. Some of the greatest philosophical fallacies of all history have been perpetuated by catch-phrases that sounded well but actually meant nothing.

Bryan's hold on the public mind is his ability to say nothing, or very little, attractively. He is one of the national deities in the word of illusion. He contributes to the crooked, half-baked thinking of mankind.

CONSIDER THE ATOM

Scientists in the University of California, studying the atom, expect to succeed, before long, in breaking up the atom and in deriving a tremendous energy the like of which was never known on the earth before.

They say that success in their quest will render gasoline, steam and electricity totally out of date. Meantime they give some interesting facts to the public.

They find that, although twenty quadrillion atoms would scarcely fill a thimble, each one represents our whole solar system. A varying number of electrons, from two to ninety, revolves about a central nucleus just as the earth and the other planets revolve about the sun. The speed of each electron is about 18,600 miles a second.

So that the chair you sit on, the clothes on your back and the very food you eat, are not dead, inert substances, but living, whirling masses of universal life.

The human thought that has been stimulated by science through these discoveries in the past twenty years has generated an intellectual force fully as powerful as any industrial force that might be released through breaking up the atom.

THE FLEETS

Now the spring is in the town,
Now the wind is in the tree,
And the wintered keels go down
To the calling of the sea.

Out from mooring, dock and slip,
Through the harbor buoys they
Draw seaward till they dip
To the swirling of the tide.

One by one and two by two,
Down the channel turns they go,
Steering for the open blue
Where the salty great airs blow;

Craft of many a build and trim,
Every stitch of sail unfurled,
Till they hang upon the rim
Of the azure ocean world.

Who has ever, man or boy,
Seen the sea all flecked with gold
And not longed to go with joy
Forth upon adventures bold?

Now the spring is in the town,
Who would not a rover be,
When the wintered keels go down
To the calling of the sea?

—Bliss Carman.

A BEE SETS SAIL

The wind blows east, the wind blows storm,
And yet this very hour
I saw a bumblebee embark
In frigate of a flower.

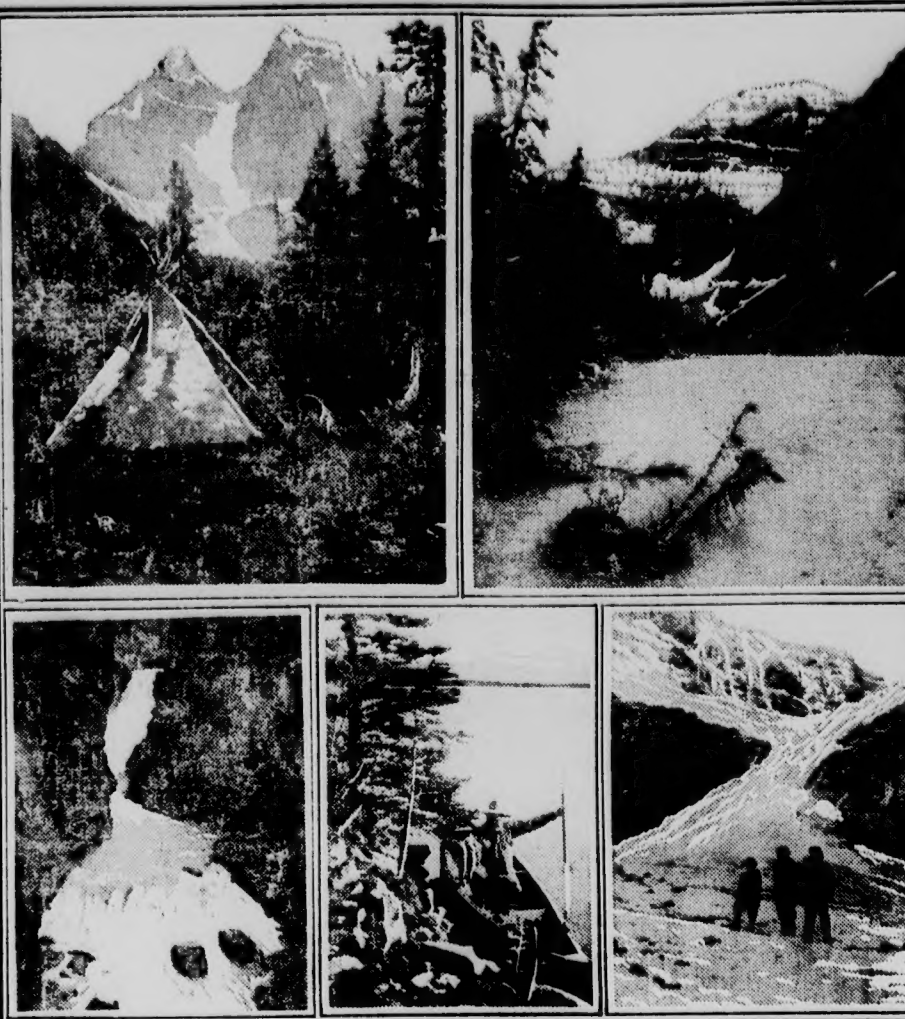

An admiral in epaulets,
He strode the scented deck
And in the teeth of tossing gales
He rode without a wreck.

More valorous adventurer
I never hope to see—
Though mariners be gallant men—
Than that same bumblebee.

—Katharine Morse, in "A Gate of Cedar."

Advertising pays. The man who meets himself at the station with a

BEAUTY SPOTS IN NATURE'S WONDERLAND

FOR the lover of natural beauty, no place on the North American Continent holds more charm than does Jasper National Park, the 4,400 square mile playground set aside in the Canadian Rockies for the benefit of Canadians and their guests. Here lake and river blend with towering snow-capped peaks and provide a scenic setting which is unequalled. In this great natural park, wild life has been protected and as a result the animals have become friendly with mankind and are not only increasing in numbers but are also becoming very tame. Elk, deer, bears, mountain sheep and mountain goats may very frequently be seen by visitors as they drive or ride along the highways or bridge paths which radiate from Jasper Park Lodge, the bungalow camp hotel of the Canadian National Railways.

The photographs above show a few of the beauty spots of Jasper National Park. The left upper photograph shows Mt. Erebus, one of the towering peaks of the region, while that to the right is Mount Edith Cavell, Canada's everlasting memorial to the heroic British war nurse. Below, from left to right, are shown: Moose Canyon; fishing on Pyramid Lake; and a group of tourists at the Cavell Glacier. —C.N.R. Photos.

THE TIMES

BUY AT HOME SPEND YOUR MONEY IN MACLEOD

Purchases representing thousands of dollars are lost to us, to our trade, to our clerks and employees, to our laborers and artisans, to all the people of Macleod who exist on the products of their work. This money, if spent at home, would help to recreate Macleod financially, give a wider field of activities in business, would be helpful to every resident of this town.

If we purchased regularly from local merchants, this money would circulate in Macleod in a welcome manner. Our merchants merit our patronage; it is to our interest, and the duty of all of us to encourage the local merchant. He is one of us, he lives among us, he has the right to be encouraged by us, he is anxious to have our custom, and to give us satisfaction. We should under all circumstances give him preference, price for price, quality for quality. And nearly always the price that our local merchant asks is, if we compare the quality, just as cheap as that of the outside merchant.

Never purchase merchandise by catalogues from foreign houses before assuring yourself that you cannot procure the same articles, of the same quality (and frequently of better quality) at the same price from your local merchant.

MACLEOD — ALBERTA

CAPITAL GOSSIP AND PROV. NEWS

Alberta May Export 7,000,000 lbs.
Butter

Last year Alberta exported to Britain and other countries over 4,000,000 lbs. of butter, which was a little less than one-fifth of the total production of creamery butter. During the present season it is anticipated that the surplus for export will increase to 7,000,000 lbs. which would be seven times what the exportable surplus was four years ago. This is some indication of the manner in which the dairy industry has grown in this province. The increase in exportable surplus is in great degree due to the improvement in quality under the official cream grading system inaugurated by the provincial government in co-operation with the creamery operators three years ago. The anticipation is that the total production of creamery butter will this year reach 25,000,000 lbs.

Official cream graders are now being sent to their posts throughout the province. During the past few months special classes for these graders have been held at the University, and during the season some 75 or 80 graders will be at work.

States Follow Alberta Lead

Several States are following the lead of Alberta in adopting official cream grading systems. The latest to seek information is the State of Illinois, where it is hoped to work out some such system this year. The State of West Virginia is also endeavoring to inaugurate a system modelled on the Alberta system. It is expected that Dr. Mackay, Secretary of the American Association of Creamery Butter Manufacturers, will visit Alberta this summer to study the system here.

Confer on Lethbridge Northern

Following the appointment last week of James Pike as Manager of the Lethbridge Northern Irrigation Colonization Scheme, together with a board of advisors, a conference was held in Lethbridge this week between the manager and the advisory board, with Attorney General Brownlee, Hon. V. W. Smith, Minister of Railways and Telephones, L. C. Charlesworth, Chairman of the Irrigation Council, and others present.

Need 400 Men for Sugar Beet Fields

Four hundred men will be needed in Southern Alberta this season to do the work in connection with the raising of sugar beets on more than 6,000 acres for the new sugar factory now being built at Raymond.

Orders for these men were received this week by Labor Commissioner Walter Smitten. The work is to be done under contract, starting with the blocking and thinning at once. For the blocking and thinning the contract offered is \$9.50 an acre, for hoeing \$2.50 an acre, for weeding in September, \$1.50 an acre total of \$13.50 an acre. For harvest-

ing \$10 an acre is being offered. A bonus of 75 cents a ton over 12 tons on the harvesting is being given. The first payment on the contract will be given on the completion of hoeing, the second after the weeding in September and the final payment following harvesting. Free housing is provided.

Navigation Opens

Navigation has opened on the Peace River in Northern Alberta and the first boat will leave shortly for down river.

Lord Byng Going North

Governor General Lord Byng is to leave Edmonton on July 13, for a trip down the Mackenzie River to Aklavik in the Arctic. It is possible that he will be accompanied by Premier Greenfield of Alberta.

Transfer Child Welfare Work

The child welfare work of the provincial government, including the department of neglected children has been transferred to the jurisdiction of the department of health under Hon. Geo. Hoadley, minister of health and agriculture.

New Hospital District

A new municipal hospital district is being organized in the district of Vulcan, south of Calgary.

Many Homesteads Taken

Seventy-one homesteads were taken up at the Edmonton land office during the month of April. Three soldier grants were also filed on.

Resume Weed Campaign

Appointment of field supervisors for the prosecution of the weed campaign throughout the province during the coming season, is now being made by the provincial department of agriculture. There will be 17 supervisors this year, an increase of three over last year. The territory of each supervisor is being made somewhat smaller, in order that the whole field may be covered more thoroughly. Two supervisors will be placed this year in the Peace River district, one south and the other north of the river. It is the intention of the department to conduct a more vigorous campaign than ever for the destruction of weeds.

A convention of the provincial government field supervisors and weed inspectors of the municipalities will be held at Olds on May 19 and 20. All the rural municipalities, towns and cities are being invited to send their weed inspectors to this convention, where a thorough discussion of the campaign for the department will be represented by H. A. Craig, deputy minister of agriculture, and W. J. Stephen, field crops commissioner, under whose administration the weed work comes.

Nothing takes the pep out of a minority so quickly as becoming a majority.

Correct this sentence: "It is a beautiful town," said she, "and you get such a charming view from the railway yards."

PRESENTATION TO A. D. FERGUSON

On Monday evening last at the G. W. V. A. Club, members of the executive of the Macleod Board of Trade presented their retiring president, A. D. Ferguson, with a tobacco pouch and pipe, in recognition of their appreciation of his services during his regime of office.

J. W. McDonald, K.C., in making the presentation, spoke in glowing terms of the work Mr. Ferguson had done for the Board of Trade and wished him every success in his new business career in Ontario. Speeches were also made by Dr. Fansett, C. A. Mercer, H. C. Winter, A. F. Grady, W. Whitworth and Arthur Young. In replying Mr. Ferguson thanked the members of the executive for their gift, more especially so for the very kind remarks he had listened to in regard to the services that he had always willingly rendered, not only to the Board of Trade but in any way for the advancement of Macleod and district.

Those who fight and run away will leave progeny to pay.

JUDGE TWEEDIE PRESIDING AT SITTING OF SUPREME COURT AT MACLEOD

Supreme court opened Tuesday morning with His Honor Judge Tweedie presiding. The following cases are set for trial:

Chalmers vs Chalmers, divorce; K. G. Craig for the plaintiff.

Evans vs Evans, divorce; K. G. Craig for the plaintiff.

Northern Trusts vs Sanev, will action; J. G. Hiebert for plaintiff, J. D. Matheson for defendant.

Bylejowich vs Bylejowich, alimony; J. W. McDonald for plaintiff K. G. Craig for defendant.

Sahoon vs Edson, \$275 special damages and \$3000 general damages; J. D. Matheson for plaintiff J. W. McDonald for defendant.

Boomer vs Boomer, application for order absolute; J. G. Hiebert for plaintiff.

The loudest patriots invariably are those who are willing to have you die for their country.

A surgeon can remove fat, or you can remove it yourself by hustling to pay his bill.

ONTARIO WANTS CROW RATE REPEAL

Ottawa, May 12.—The repeal of the Crow's Nest Act in order to give the railway commission full authority and direction over the whole railway rate structure in Canada was urged upon the government this morning by a delegation representing the Toronto board of trade and the Ontario Associated Boards of Trade. The grounds for the request as cited by the delegation were discriminations and inequalities and general demoralization of business resulting from the present situation in regard to railway rates.

It was pointed out that there was always the right to appeal from the decisions of the railway commission. Premier King told the delegation that the whole question of railway rates in Canada was being canvassed at present. He was pleased, he said, to receive the representations made, which would receive careful consideration.

The idealist who scolds because government policies are not altruistic seldom fails to take a profit when dealing with his friends.

LOCAL AND PERSONAL NEWS

Dave Jenkins, of Lethbridge, is a business visitor to Macleod this week.

J. Brown and C. James of the Liquor Enforcement squad were visitors to Macleod this week.

Mother's Day was observed in the churches in Macleod May 10, 1925. Special sermons in the morning were given with appropriate music by the young people.

Inspector Longworth of the Liquor Department, club inspector for Alberta was in Macleod on Monday of this week accompanied by Inspector Gorman. Mr. Longworth was more than pleased with the way in which the G. W. V. A. Club was conducted, and openly stated that it

was one of the best conducted clubs in the Province.

Mr. and Mrs. A. D. Ferguson left for Ontario on Tuesday last.

Percy Prestwich, of Claresholm was a business visitor to town this week.

R. Winter, of Lethbridge, was a business visitor to Macleod on Saturday last.

C. P. McGladdery and F. P. Walsh motored to Lethbridge Monday evening last.

T. Drinkwater, insurance agent of Macleod, was a business visitor to Calgary this week.

Mrs. C. D. T. Beecher and daughter Lilian, left for Winnipeg on Thursday for a few weeks' visit.

A number of tourists passed through Macleod this week enroute to Calgary and other cities.

A. West of the Fashion Barber Shop, left by motor on Sunday last to visit his family at Frontier, Sask.

Mr. Justice Tweedie is presiding at the Civil Sittings of the Supreme Court being held in Macleod this week.

K. G. Craig, barrister, of Blairmore, was in Macleod this week attending the sittings of the Supreme Court.

G. L. Pollard and F. Tatham were the guests of T. Tomlinson at his poultry farm at Allanfields, on Thursday last.

M. Rutledge, of Macleod, claims that he has asters growing in his garden over 8 inches high. How is this for a record.

Miss Bella Clarke arrived home on Sunday last, after spending two months in Lethbridge, where she underwent an operation.

Mr. and Mrs. O. Pinnell, of Calgary motored to Macleod on Saturday last and spent Sunday with Mrs. Pinnell's parents, Mr. and Mrs. Geo. McFarquhar.

Clean-up week is being celebrated this week in Macleod, and every one is getting the clean-up fever. The old town will look a whole lot brighter after the good work is completed.

A birthday party was held at the home of Mrs. J. F. McGregor on Wednesday, May 13, the occasion being the ninth birthday of her daughter May. The rooms were prettily decorated with red and pink roses, and eleven little guests sat down to a beautiful birthday repast after which several hours of music and games were enjoyed. Amongst those present were May McGregor, Geraldine Morrison, Betty Mackintosh, Edith McDonald, Elsie Taylor, Mona Grier, May Hoodless, Margaret Swinarton, Ruby Taylor, Esther

HOMEMAKERS' CORNER

(Conducted by Miss Alice L. Webb, State College of Washington.)

Some Good Cakes

Today I have gathered together for you several good cake recipes which I think you will like to try. First there is one called

Ruth's Jelly Cake

Written inside the cover of my grandmother's cook book is this rule for the layers of a jelly cake: 3 eggs; 1 cup sugar; 3 tablespoons of melted butter; ½ teaspoon of soda; 1 teaspoon of cream tartar; 1 cup flour.

Cream Cake

Alice L. James, who has been an authority for questions of catering for small households (it is often hard to get a meal for just two) has this recipe for cream cake: Beat an egg with a tablespoon of sugar pinch of salt, half teaspoon lemon extract, and add slowly half a cup of boiling milk in which a heaping teaspoon of flour has been cooked. Boil over the teakettle a few minutes, stirring constantly. Mix the flour first with a spoonful of cold milk then add to the boiling milk. Spread the cream on the cake layers when cool, and frost the top.

Fisher Velvet Cake

Here is what is known as a Fisher Velvet Cake; sift and then measure a cup and a third of flour into the sifter, add one and a third teaspoons of baking powder and sift together three times. Cream together till frothy 2-3 cup sugar and 1-3 cup butter. Beat the yolks of 2 eggs till thick and lemon color, then beat well into the butter and sugar. Whip the whites till stiff, then whip into the yolk mixture. Pour in 1-3 cup milk and 2 tablespoons water. Sift in the flour, add 3 drops lemon extract and 3 drops vanilla, and beat smooth. Bake in a small loaf pan 45 minutes, letting it rise as high as it will before browning on top. If it is to be baked in shallow pans or layer tins another third of a cup of flour should be added to stiffen the batter more.

Cocoanut Drop Cakes

This is the recipe for cocoanut drop cakes used by Cleve Carney, noted Chicago chef. It makes 9 dozen, but can be divided by cutting down ingredients. Rub up 2 lbs. sugar and 1 lb. butter till light, then add 10 eggs, one at a time, then a quart of milk. Sift together 3½ lbs. flour and 2 ounces baking powder, add 2 pounds cocoanut, add to egg mixture, flavor with vanilla drop by spoonfuls on a greased and dusted pan, and bake in a moderate oven.

Mocha Cake

To make Mocha Cake sift 6 cups flour with 1 teaspoon baking powder into a basin. Add 1 teaspoon each powdered cinnamon, nutmeg and cloves, 1 cup brown sugar, ½ teaspoon salt, 1 cup shortening. Rub well together, add ½ cup golden syrup, 1 cup strong cold coffee, 2 well beaten eggs, 1 cup currants and 1 cup sultana raisins, and mix well together. Pour into greased and papered tin and bake 2 hours in a moderate oven.

Devil's Food Cake

Almost every housewife has her recipe for devil's food, but usually she likes to compare it with that someone else uses, so here is one: Cream together 3 cups brown sugar and 5 tablespoons shortening. Add 3 eggs one at a time, stirring well. Dissolve half a cup of grated chocolate in half a cup of hot water and add alternately with 3 cups of flour with which has been sifted first a teaspoon of salt. Add a teaspoon of soda to half a cup of sour milk and then add this to the batter. Last add a teaspoon of vanilla extract. Turn into greased layer cake tins which have been dusted with flour. Bake about 25 minutes in a moderate oven. Put together with a marshmallow filling or White Mountain frosting and cover with white or chocolate icing.

You can always pick the weaker side in a controversy. It gets madder about a joke.

REACH & COMPANY, Ltd.

GENERAL MERCHANTS, GROCERIES, FRUITS AND VEGETABLES

Mother's Day is gone, and some of you kids and grown-ups feel sorry that you did not give her a flower. Never mind—another chance will come—you may die or your mother might—what is the good crying over spilt milk? Smile and look happy at the Bargains we give you every day. Our idea is to clean out Curtain Stock that hangs fire, and put them on the Bargain Counter. Then if you don't bite freely we will tempt you yet further by another slash or two.

One Special Bargain this week is about half a dozen of Ladies' Fancy Striped Wool Skirts. These are strictly classy. Now for the history of these striking skirts—We bought them to sell at \$7.50; they cost us cash \$5.50. This was cruel, but our spirit was not broken; we got the pruning knife out and marked them \$2.75—just \$2.75 less than we paid the manufacturer.

You Jubilee boys look out—at manufacturer's price—Men's Riding Gaiters or Congress, black and brown, at \$6.50. No more after these are gone.
